

 PowerProtect+<sup>TM</sup>  
**Cable Protection Tiles**

### Product Description

---

Emtelle Cable Protection Tiles are designed, manufactured and supplied within an Integrated Management System, incorporating internationally recognised Standards including ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018.

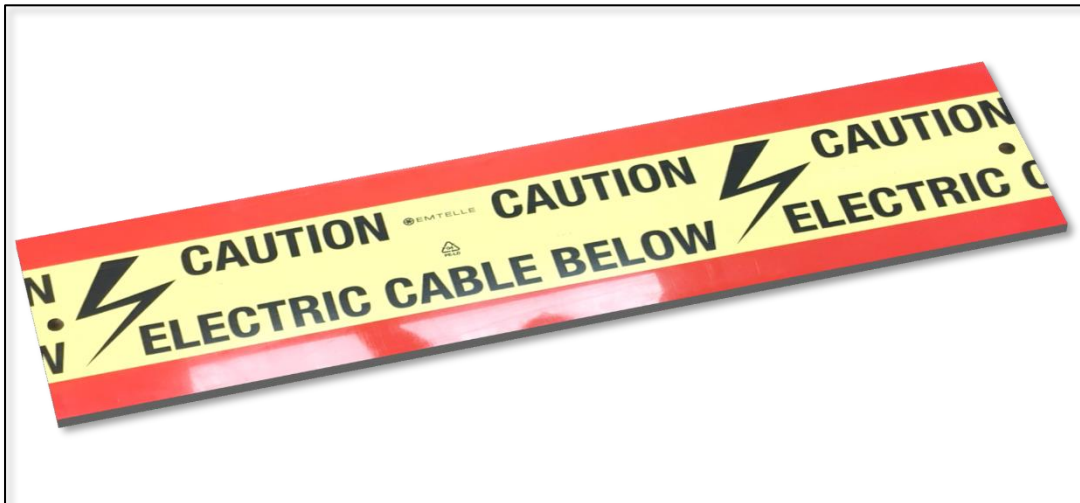

### Application

---

Cable Protection Tiles are heavy duty protective boards designed to provide a protective layer for underground ducted networks. The product is manufactured from a recycled PE compound.

All Cable Protection Tiles are manufactured in accordance with ENATS12-23 and/or in conjunction with client specifications. Conform to all impact test requirements specified by each DNO.

Tiles are joined together by overlapping them and held in place by a jointing peg, which is supplied with each tile as standard.

### Material & Technical data

---

Raw Materials are Recycled LDPE.

### Colours

---

Standard colours are **Black** base with a **Red** upper surface.

*Alternative prints/colours/logos/text configurations available upon request.*
