

 PowerProtect+TM
Cable Warning Tapes

Product Description

Emtelle Cable Warning Tapes are designed, manufactured and supplied within an Integrated Management System, incorporating internationally recognised Standards including ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018.

Application

Cable Protection Tapes are designed to provide a protective layer for underground ducted networks.

Suitable for power, street lighting, gas, water piping and fibre optic cables. Available with detectable wire for traceability.

Material & Technical data

Warning tape is manufactured from high impact polyethylene. It is a flexible product supplied in roll format for quick and easy application

Colours

Standard colours are **Yellow or Green** base with a **Black** printed text.

Alternative prints/colours/logos/text configurations available upon request.

Features

- Lighter, sturdier and stays in position.
- Rolls out easily over the cable.
- Self-coloured, plastic warning tape overprinted with a bold warning text.
- Designed to mark the position of buried utility lines and help reduce the risk of third-party damage.
- Acid & Alkali resistant.
- PVC free
- Available in a variety of colours with pre-printed warnings.
- Acid & Alkali resistant
