

UK_DS_Cable_Clip

 **FibreFlow**TM
 Stockist of LINIAN Cable Clips

LINIAN 
 FASTER. SAFER. SIMPLER.

Product Description

The LINIAN clip is the world first single component fire rated fixing. There is no need for screws, plugs, or cleats.

The LINIAN clip is simple, strong & easy to install.

Building regulations are becoming stricter and many companies are not allowing plastic clips to be used to hold cables within buildings. The LINIAN clip is metal and will hold cables in position for far longer than their plastic equivalents if there is a fire, plus the LINIAN clip can be used externally as well as internally.

Emtelle recommend using the LINIAN clip on many of our products as highlighted below. Safe installation of cables is key in any network, which is why the LINIAN clip is becoming one of the most used and talked about fixings in the industry.

Design Features

- ⊗ Suitable designs for round cables and PVC trunking
- ⊗ Corrosion Resistant – UV Stable
- ⊗ Fire-resistant >1200°C
- ⊗ Meets 90-minute fire time in accordance with DIN4102-12
- ⊗ Meets 120-minute fire time in accordance with BSEN50200
- ⊗ Salt spray tested to 1000 hours
- ⊗ Compliant with the requirements of BS 8519:2010 - Code of practice
- ⊗ All metal designs – reduce the risk of premature cable collapse during a fire

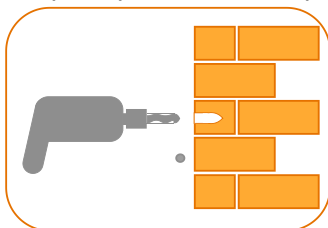

Fit Cable & Secure Clips
 easily by hand

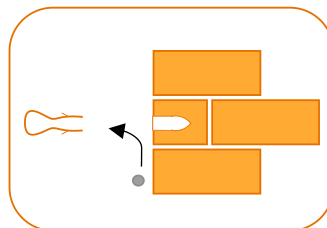

Application Notes

These robust anchoring clips are ideal for securing façade cabling infrastructure like our **RTRYVA** solutions. They are also compliant to indoor installations standard making them suitable of riser cables and indoor FttH infrastructure product like our **QWKconnect LFH**.

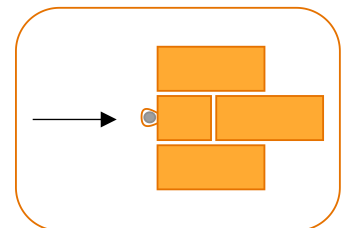

Simple 3-part installation process:

Drill Hole

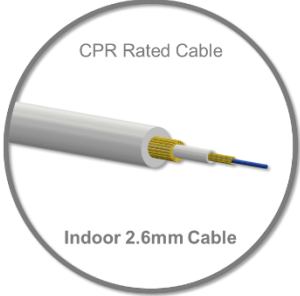

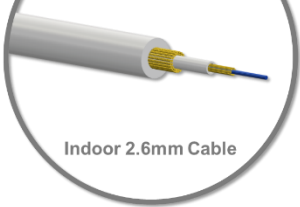

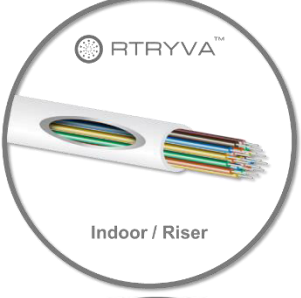

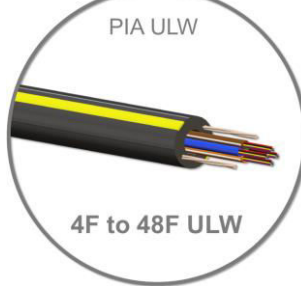

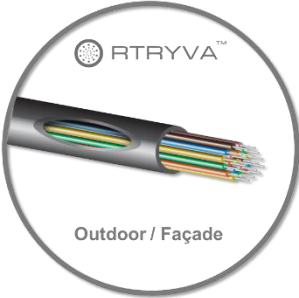

Fit Cable

Secure Clip
