

MJC Blown Fibre Closure

Gel Closure For Blown Fibre Joint Applications

Product Description

An in-line enclosure used for the blown fibre joint applications. Can be used in aerial and wall mounted scenarios.

Features

- Robust construction with high mechanical strength
- Proven gel sealing system:
 - Easy handling at all temperatures
 - Simple re-entry
- Tool-less installation or re-entry
- Closure uses over-centring 'ski boot' type latches
- Integrated mounting brackets for aerial and wall installation
- Cable configuration changes possible with a minimum of extra accessories
- No pressure relief valve required
